Pride in workmanship • Reels built to order • Consistent quality • Service with integrity • Value for your dollar

Pumper/Cleaner Reels Made the Hannay Way

For more than 70 years, Hannay Reels has helped companies around the world improve the productivity, efficiency, and safety of their operations with hose and cable reels. We have engineered more custom hose reel solutions than any other manufacturer for pumper/cleaner applications – such as sewer and septic cleaning, portable toilet service, and industrial cleaning. We've also been doing it longer, giving us a level of expertise you won't find anywhere else.

As the leading maker of hose and cable reels, Hannay knows what you need in a service hose reel: durability, high-quality craftsmanship, and minimal routine maintenance. All Hannay reels are made to stringent specifications to fit your needs, so you know you're buying reels you can depend on year after year, even under the most demanding conditions.

Plus, we make reels for every application and industry. In fact, our custom capabilities mean the number of applications in which Hannay reels are used is virtually limitless. State-of-the-art facilities and machinery keep us ahead of the competition in quality and efficiency of delivery. If a customer needs a specialty reel, Hannay won't hesitate to measure, cut, and configure the reel by hand.

Working closely with you, the Hannay team of engineers provides hands-on structural design capabilities and detailed planning using sophisticated CAD technology. You also benefit from the efficiency, productivity, and responsiveness of our state-of-the-art manufacturing and shipping facilities.

Hannay Reels. The Industry Leader. The Quality Choice.

- 1/2" I.D. plumbing for 10,000 PSI
- 1" I.D. plumbing for 5000 PSI
- MX auxiliary rewind
- Other optional roller assemblies available

Remember All Hannay Reels Have Added Values

- Discs are heavy gauge with rolled edges to offer maximum strength.
- Frames are of a superior modular design, many with E-coated protection against erosion.
- Bearings on each side of spool offer superior wear life and ease of future maintenance.
- Roller arms are adjustable and doubled for minimum lateral movement.
- Swivel joints allow for ease of future repair/replacement. Seal design well proven in the industry. Pressure ratings to 10,000 psi.
- Ratchets are now spaced equally across the diameter to minimize reel rotation for hose deployment, non-sparking metals are used.
- Springs mounted outside the frame with declutching arbor to protect against accidental reverse winding.

Family owned and operated since 1933, Hannay Reels is a leader in both OEM and aftermarket applications. Hannay offers thousands of standard hose reel and cable reel models, as well as unmatched custom capabilities. We can easily and affordably customize a reel to meet your exact specifications – built to last, delivered fast. Additional catalogs are available through your local Hannay Reels dealer or online at www.hannay.com.
